

The central public transport hub

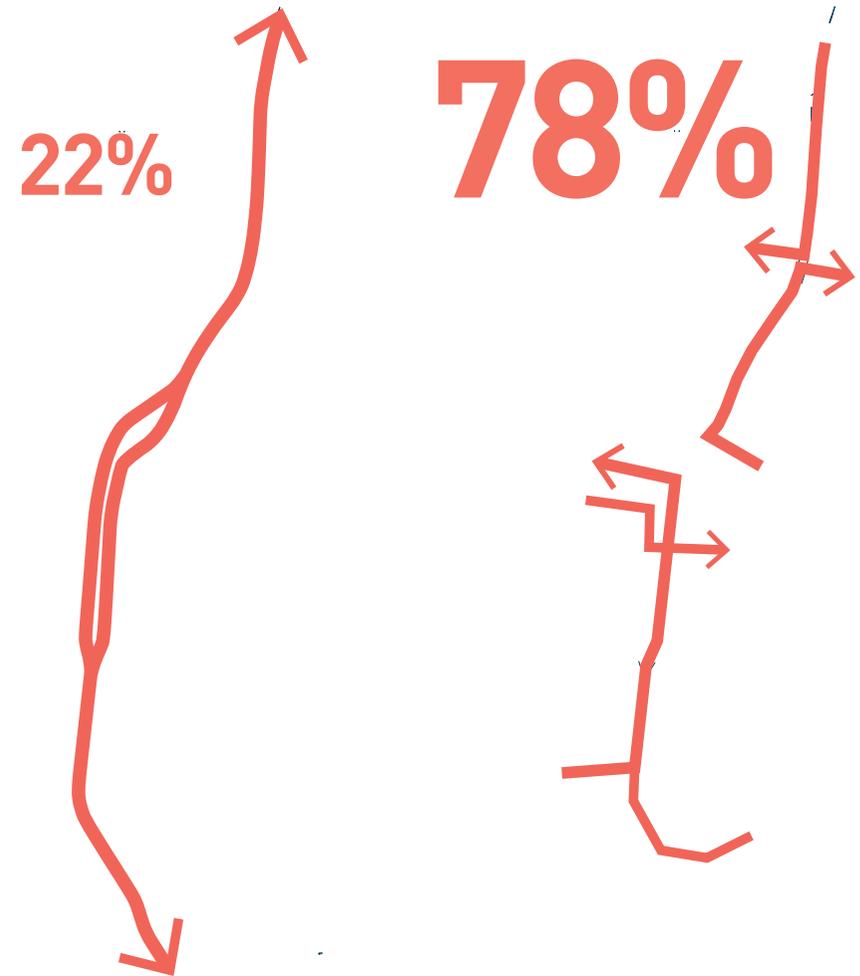

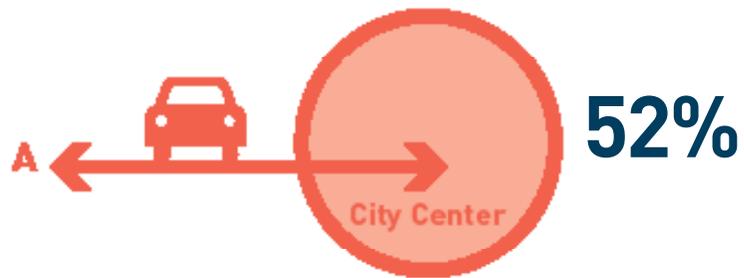

More than
400.000
people
use the three train &
bus stations and the
public transport in
the area every day

78.000
people
walk in and out of
the doors of the
Central Station
every day

Passenger numbers = users/day

Only 22% of all traffic on Magistrála is through traffic the rest has a central destination

Survey of traffic origin-destination

Source: <http://www.tsk-praha.cz/Ing. Miroslav Kadlec, +420 257 015 168>

Parking attracts cars to the most central parts of the city

Under Magistrála at Central Station

Parking along Magistrála close to the culture area

“ Archaeological terrains and courtyards are affected by the construction of car parks. Public spaces are affected by entrances to underground car parks.

Quotes from report by Unesco

People hub's are main focus areas
